Dao Thi Kieu Huong (Vietnam)

My name is Huong from Vietnam. I got married with Japanese and moved to Asaka.

Now I have a 5-year-old son and a 3-year-old daughter. I love cooking and I make box lunch for them every day. I live with my husband's parents now, but in January, they are going to move to a new house in the neighborhood. They have helped us very much until now, so I'm worried if I can live well with only my family.

As I haven't gotten accustomed to living in Japan yet, I want to study Japanese and cultures of Japan in AIS. I appreciate your support.
