Memories of Summer Vacation

Nguyen Thi Thuy Oanh (Vietnam)

Speaking of summer vacations, we often go on a trip. How was your summer vacations?

I went to Atami with my friends in late August. We went on a Shinkansen to Atami.

I was very happy because it was the first time for me to take the bullet train. I thought, "Inside the Shinkansen is like an airplane!" I suddenly remembered the time when I first came to Japan two years ago. We arrived in Atami and went sightseeing, taking pictures while walking along the coast.

Then, we went to Atami castle by ropeway. At the castle, there were real Japanese armor, swords, models of castles, and an old ship, and I learned a lot.

In the evening I stayed in my friend's house because there was going to be fireworks that night. I was looking forward to it very much. I could clearly see the fireworks from the window. The fireworks colored the summer night sky and it was very beautiful. As I was watching the fireworks I was able to forget all the hard-ships in my heart. It made me feel refreshed and relaxed. The scenery in Japan is wonderful and the air is clean. Especially, people are kind.

Next year, if there is an opportunity, I will go on a trip again.
