DEAR AIS MEMBERS,

Thank you for your active participation in our activities.

When considering the prevalence of COVID-19, our activities pose a high risk. To mention a few examples of the nature of our activities, many people gather in our activities, we have senior members, there are those who use public transportation, and members come in close contact when learning/teaching Japanese. The spread of the virus is still going on, and we have decided to suspend our regular activities for a while.

Because it is difficult to hold the annual general meeting for the new fiscal year as we usually do in April, we are going to have it in writing. We will send you a document of our annual general meeting by e-mail or by postal mail. Upon reading the letter attached to the document, please return your acknowledgement by e-mail or with the postcard enclosed with the document.

We ask you for your kind understanding and cooperation.

For information on the restart of our regular activities and updates, please visit our homepage. If necessary, please contact us by e-mail at ais1989@hotmail.co.jp.

Yayoi Itoh (Chairperson of AIS)
